How to Read This Schedule

City of Santa Clarita Transit routes are listed numerically in the schedule and identified by the route number. Schedules indicate when a bus will arrive at major stops along the route. The following information provides basic steps to help you plan your bus trips:

- Select the appropriate route number.
- Use the section of the timetable that corresponds to the direction of travel (i.e. westbound/eastbound; the day of the week).
- Only key points along the route are listed. Read the timetable from left to right.
- Find the stop nearest your boarding location. If your stop is not at a time point, use the previous time point to determine when you should be at your stop.
- Read down the column to determine the departure time.
- Read across to determine the time of arrival and intersection nearest your destination.
- If you must arrive at your destination at a given time, find that time on the schedule and look to the left to determine your departure time.
- If you need to transfer to another bus to complete your trip, look up the schedule for the route that you will transfer to and find connecting times.
